Miss Beth Murphy, President
Radio Station WCNI
Connecticut College
New London, Connecticut

Dear Beth:

It is that time of year for WYBC to exchange broadcasting-and-mixing visits with WCNI, and thus to resume the successful Conn-Tact established last year around this time.

Fragmentary intelligence from individual WYBC members' Contacts has reported the demise of WCNI as a Conn organization. Unwilling to believe this dire news, we extend once again an invitation to come to New Haven with a band of Conngals some Friday evening in the next two months.

If it should be true that y'all have disbanded as a unit on the Conn campus, do you want to assemble a large group of lovelies for a mixer per se down here. You could broadcast then or not, at your option.

Anyway, it would be nice to see you all again.

Sincerely,

Edward C. Marschner
Chairman
